

**CHARUSAT**  
CHAROTAR UNIVERSITY OF SCIENCE AND TECHNOLOGY

## Faculty of Technology and Engineering

Chandubhai S. Patel Institute of Technology (CSPIT)

Department of Computer Science & Engineering

Date: 12/07/2025

### Laboratory Manual

Academic Year	:	2025-26	Semester	:	3 <sup>rd</sup>
Course code	:	ITUE203	Course name	:	WEB DEVELOPMENT FRAMEWORKS

#### Practical - 1

**Student portal :** This platform is designed to support your academic journey by providing easy access to your grades, attendance, timetable, and course resources. Whether you're tracking progress, exploring new subjects, or staying up-to-date with campus events — this portal is your academic companion. Use the navigation panel to move through different sections. Your learning, your growth, your achievements

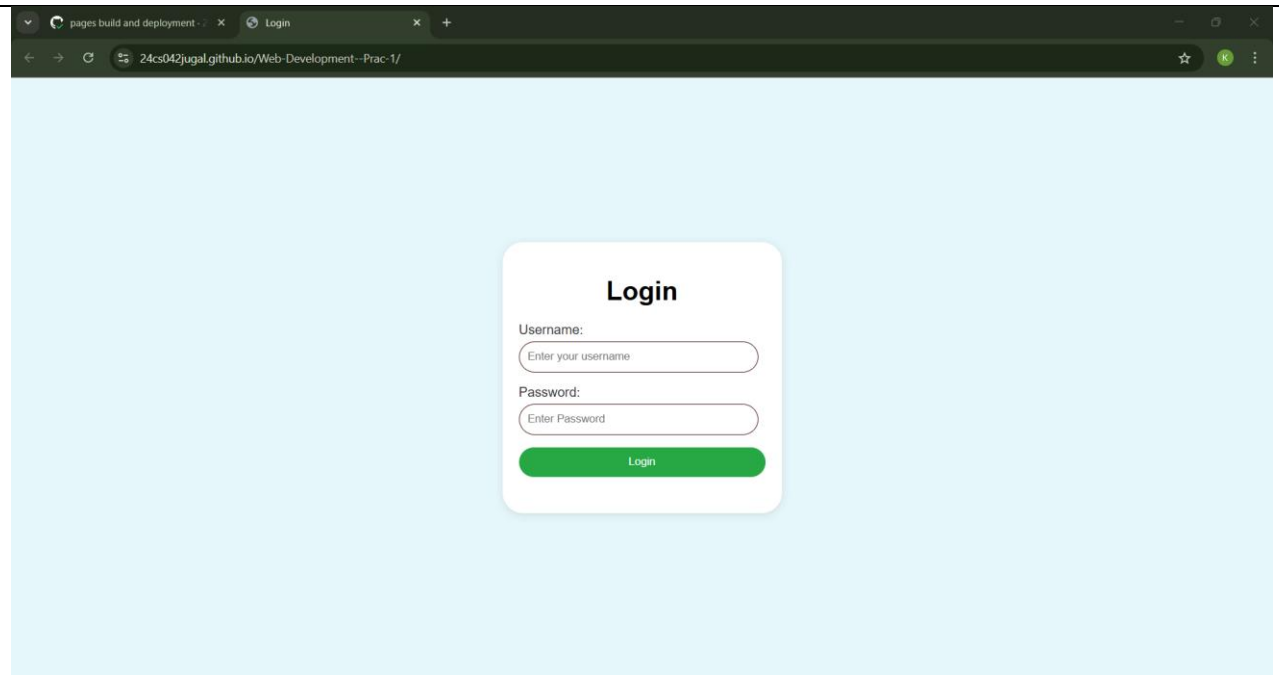

**Objective:** Design a multipage static student portal website using HTML with semantic layout and smooth navigation.

**Code:**

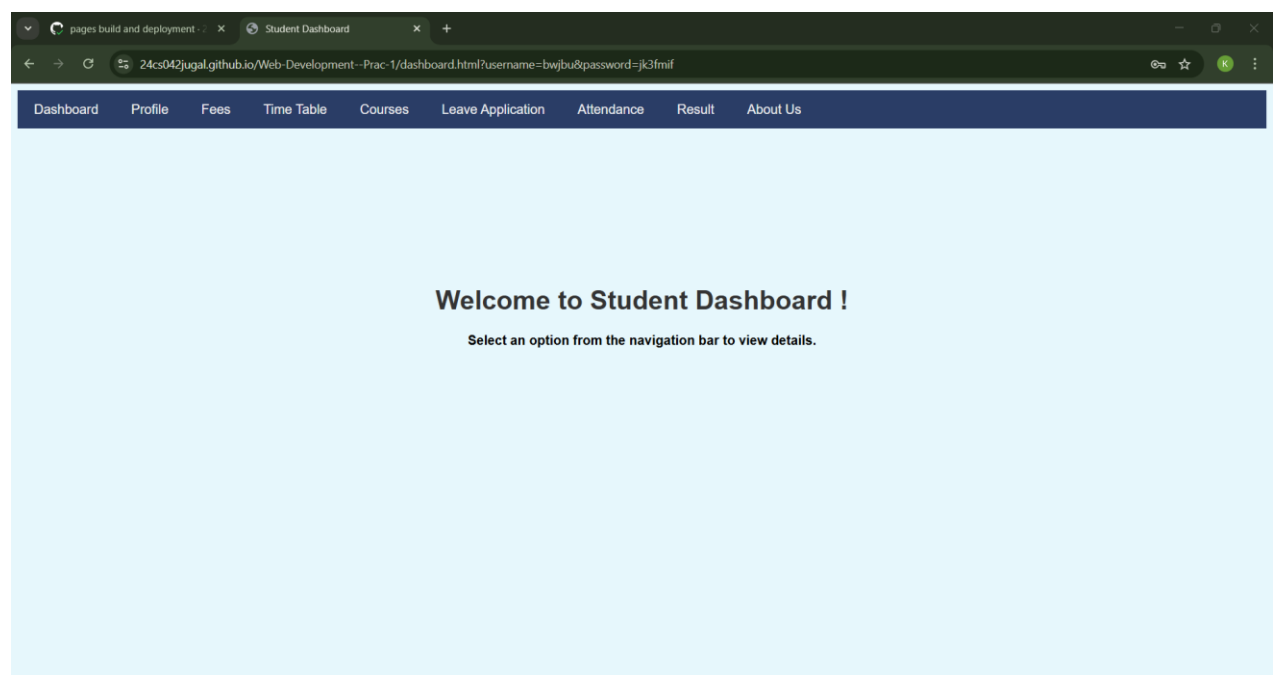

<https://github.com/24CS042Jugal/Web-Development--Prac-1.git>

**Screenshot:**

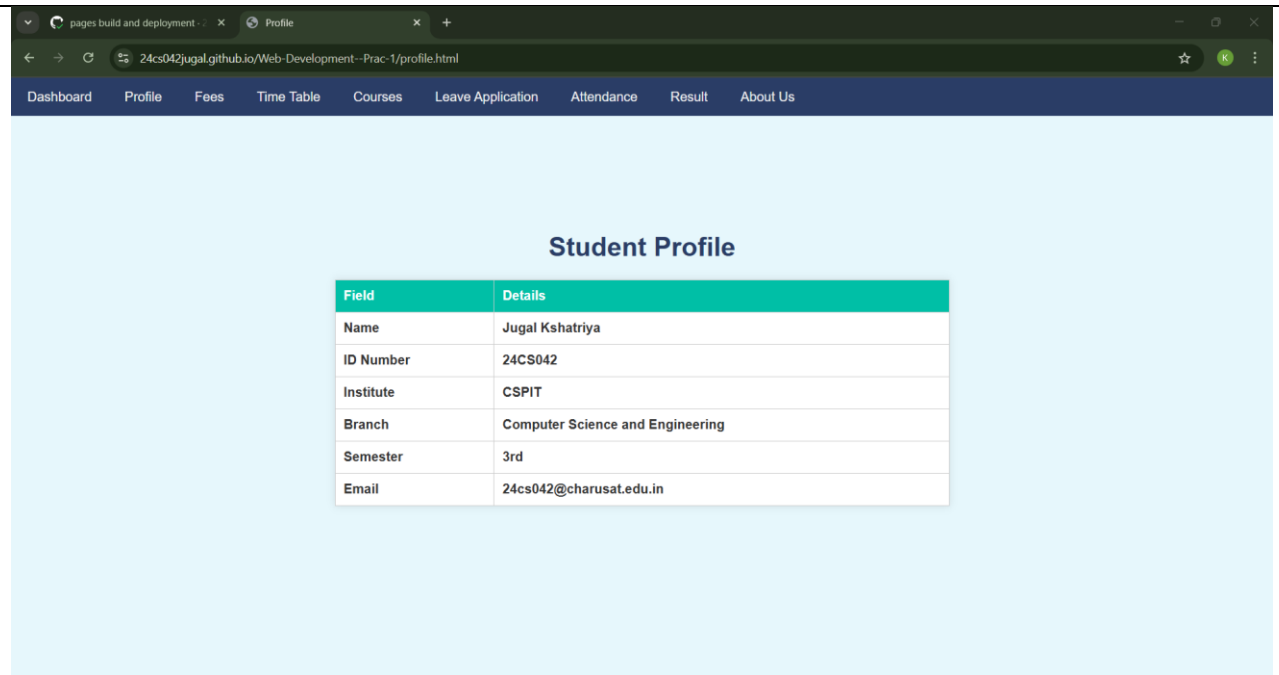

1. Login Page

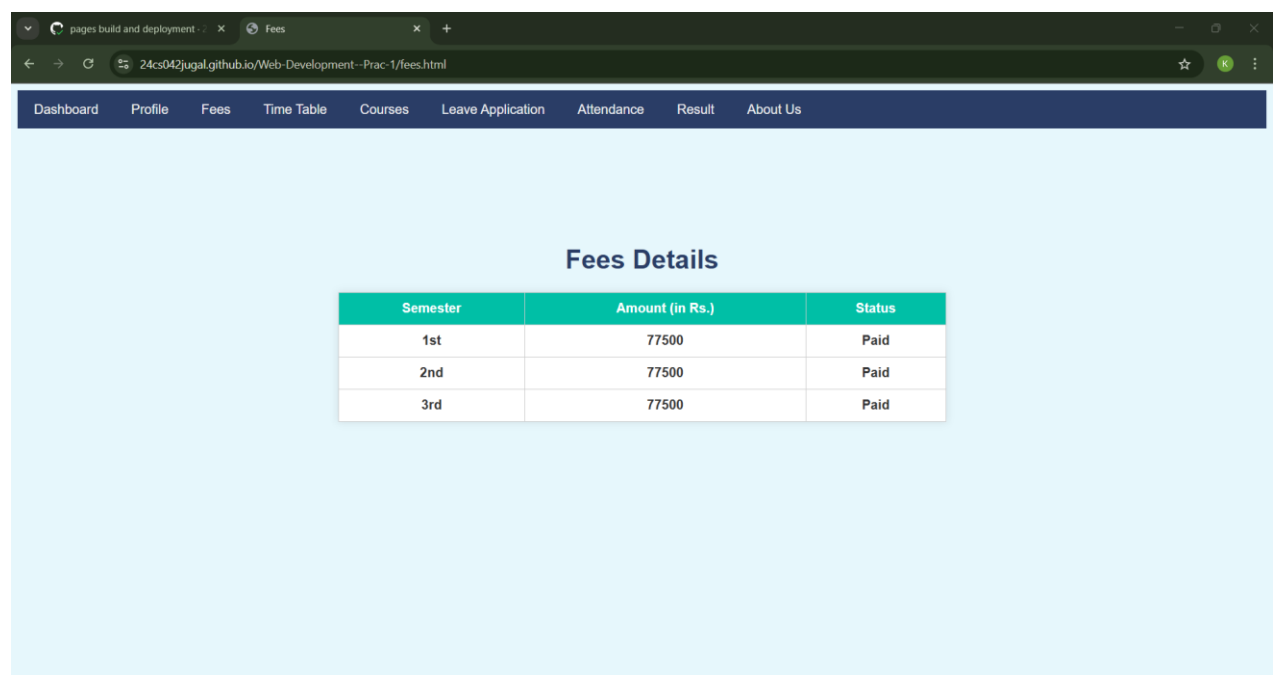

## 2. Dashboard

## 3. Profile Page

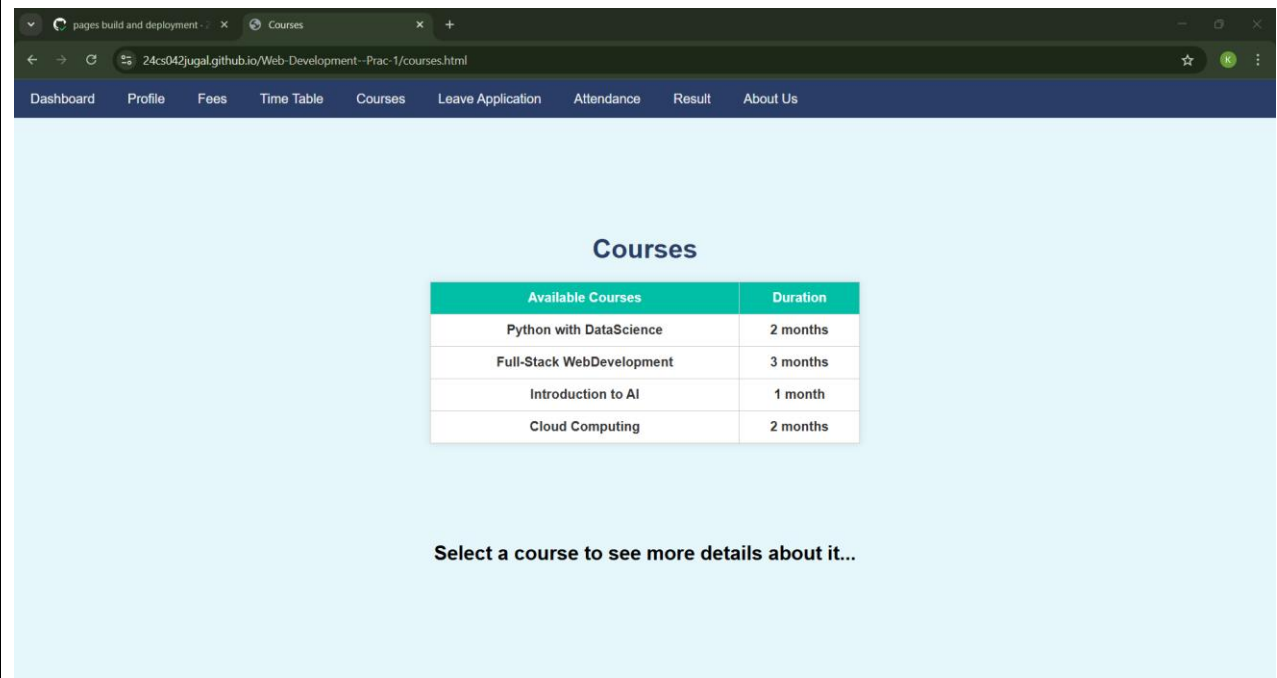

#### 4. Fees Page

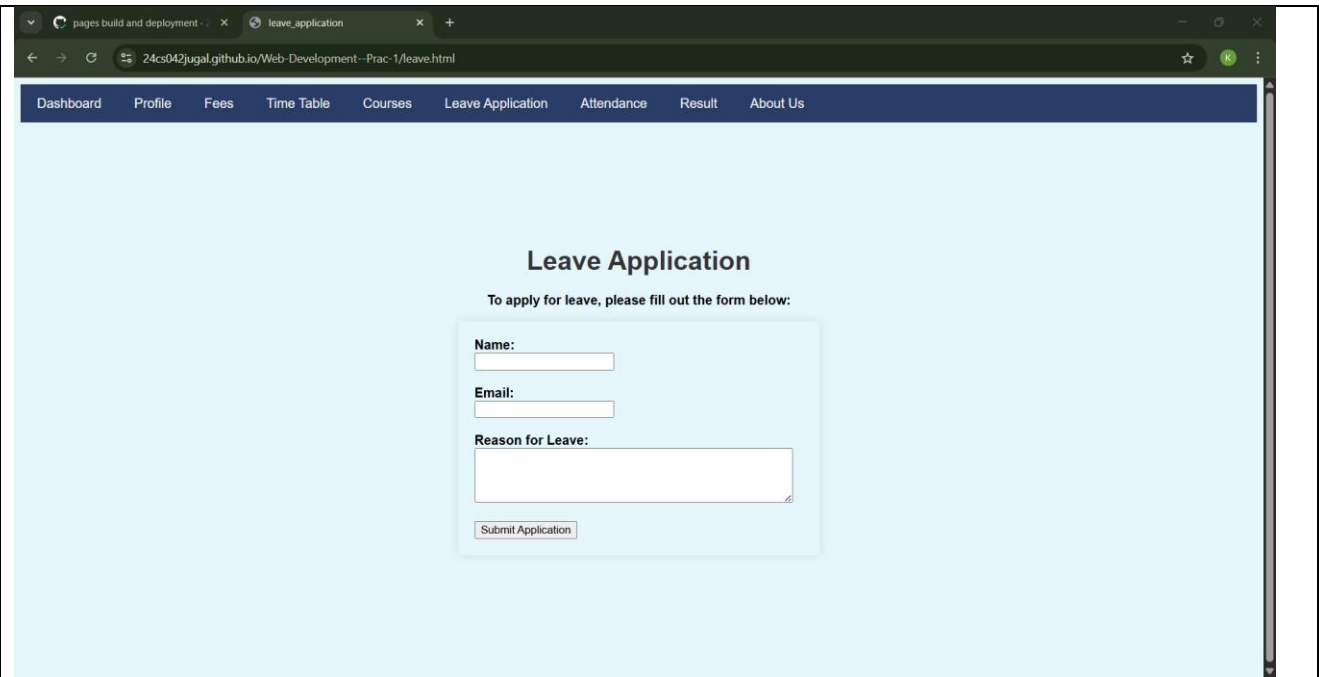

#### 5. Time Table Page

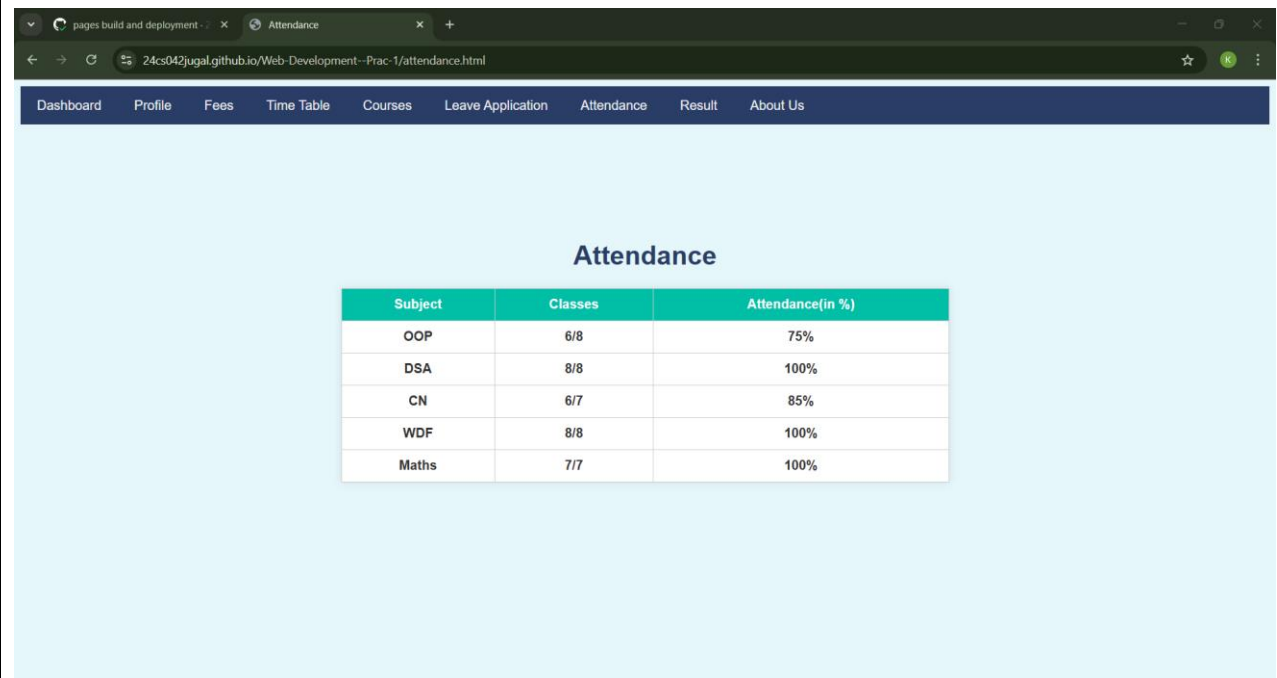

6. Courses Page

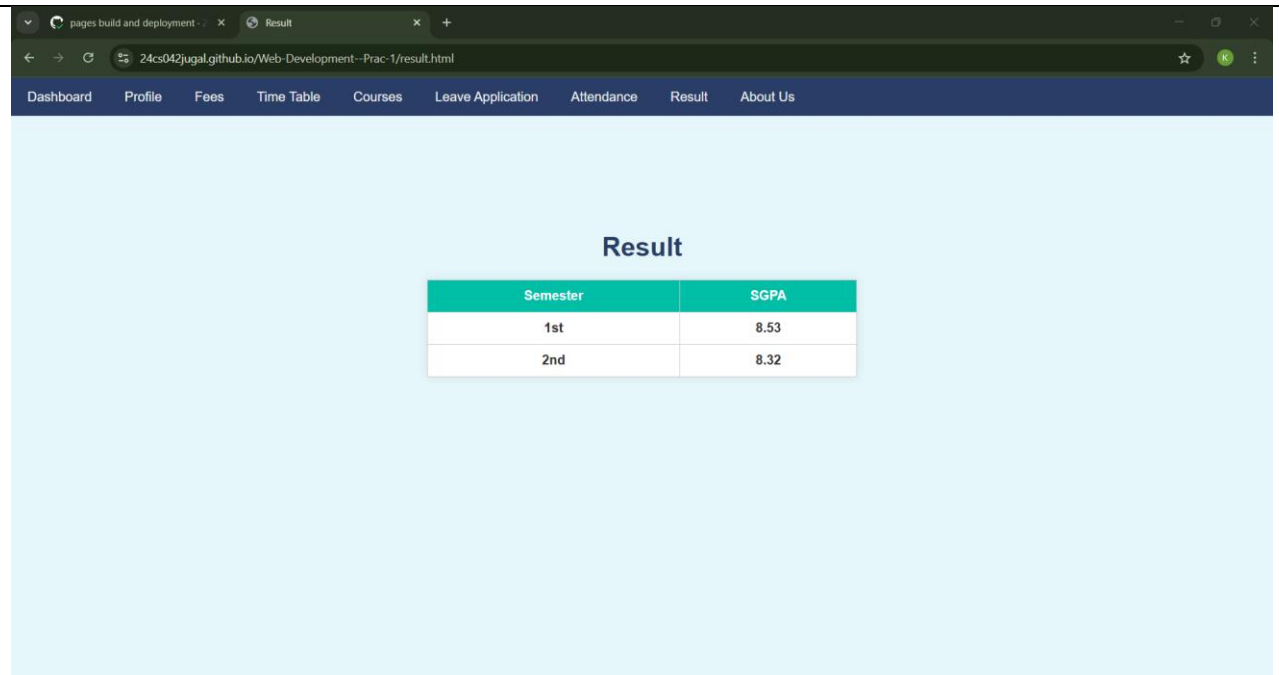

7. Leave Application Page

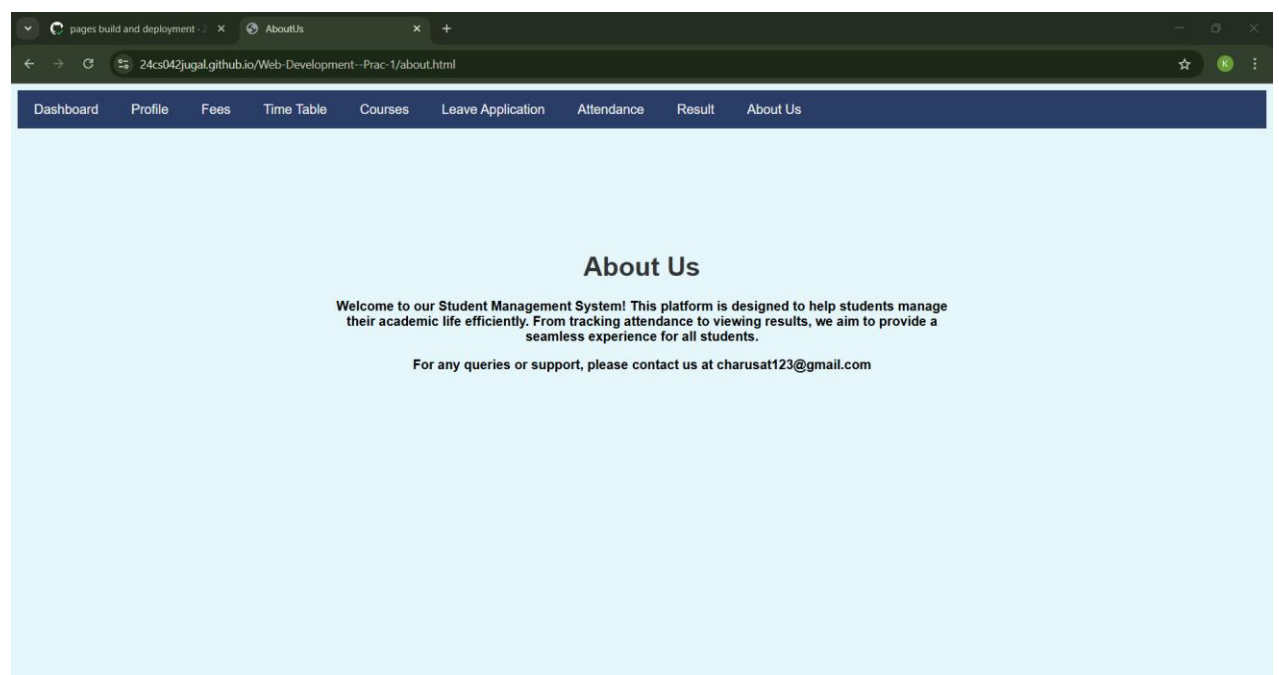

8. Attendance Page

9. Result Page

## 10. About Us Page

**Learning outcome:** Understood how to structure a website with HTML, create linked pages and apply basic layout principles.
